

Bethel Statement

October 21, 2020

On October 14, 2020, Governor Burgum moved Cass County into the Orange/High Risk Level. The number of positive cases of COVID-19 in our area continue to increase exponentially. In response to local concerns, on October 19, 2020, the mayor of Fargo issued a mask mandate for all public spaces in the city.

In order to continue to meet, we need your help. **In consideration of this mandate, the Elders at Bethel Church have chosen to require a face covering for everyone, school-age and older, at all times when inside the church.** The face covering must fully cover the nose and mouth at all times, even when seated. Disposable masks will be available at every door.

If you are unable to wear a mask, please join us online at <https://live.bethelc.com>.
