

MINISTRY IN RESPONSE TO COVID-19

Bethel Church will Continue In-Person Worship

In light of the amendment on Monday (11/16) to the mayor's executive order issued on Friday 11/13), we feel it's reasonable to **continue to offer an in-person worship service** on Sunday mornings. We **require all attendees to wear face coverings** (unless medically unable) and social distance. We encourage you to join us to pray for our authorities and front line workers during this unprecedented time. We will meet for Worship on Sunday mornings until further notice. Thank you for your grace and patience during this season.
