

Characteristics of Healthy Relationships

Proverbs 10:7-14

At Home Study Guide

For the week of May 5, 2019

As we learn about healthy relationships, take some time each week to reflect on the Scripture passages. Use these questions to guide your individual or group discussion on this important topic for every believer.

1. The Bible gives instructions on healthy relationships in numerous places, including Ecclesiastes 4:9-12. This passage speaks of the value of two people over one. How are you able to accomplish more with someone else than you could alone (Ecc. 4:9)?

2. When two travel together, they are able to provide for one another in need (see Ecc. 4:10-11). How does God use you to provide for others in relationships? In what relationship do you need to step out and serve another?

3. Finally, Solomon speaks of how we can protect one another in our relationships (Ecc. 4:12). How have you seen that protecting function in relationships that you have had? In what ways are three people in relationship even stronger than two?
